each

Stage Pack Complete

### THE STAGE PACK

- A carefully designed pack of staging manufactured from top quality materials by our own Yorkshire craftsmen. The Stage Pack consists of nine units in three heights which all store one inside another onto a unique trolley base making storage and moving simplicity itself.
- The versatility in use is a key feature of the Stage Pack.
- The different sizes and heights of the rostra make it ideal for school plays, concerts, speech days etc.
- All the rostra feature a carpet covered top surface, 'no-marking' rubber feet and the larger pieces have cut out hand holds for easy moving and positioning.
- Storage space is always at a premium which is why the Stage Pack has been specifically designed so that all the smaller units fit onto the trolley base with the largest rostrum going on last and acting as a cover, giving a stored size of only 1220mm x 1220mm x 850mm high (4' x 4' x 2'4").

### Stage Pack Components (each)
